Stocks Slow But Strong, Coalers Showing Gains

WALL STREET STILL MARKING TIME LOCAL SECURITIES BUT THE UNDERTONE SHOWS GOOD STRENGTH.

It is surprising, the actual strength shown in a market where trading is spasmodic and many heretofore leading stocks fail even to make the ticker. It is a clear case of politics keeping speculators and investors out of the market laters and investors. There was nothing discouraging.

It was another dull session of the local Exchange, a few odd sales at leading laters and investors out of the market laters. NEW TORK, June 19.—There doesn't seem to be much improvement in the volume of trade. Stocks were slow, but they also were strong.

At the immediate opening the list quivered slightly and eased about % of a point. Then the bears, none too sure of their position, tried to get their gains to cash and were given another run in just as they were yesterday afternoon. It is surprising, the actual strength shown in a market where trading is

Twenty Youths Stand Service Examinations

Twenty Washington youths, between the ages of sixteen and eighteen years old, are standing examination before Secretary Fisher, of the Fourth Civil Service district to day to obtain a position as messenger at the naval proving grounds, Indian Head, Md.

All of those who successfully pass the examination will be rated on an eligible list and will be eligible for appointment in any field service work in or near Washington, but outside of the regular departmental classification. They will probably be made eligible for appointment at the navy yard.

The examination began at 1 o'clock and will continue throughout the after-

Hit With Beef Steak; Wife Gets Divorce

In testimony given in her suit resulting in an absolute divorce, granted in Equity Court today, Mrs. Blanche McCord charged that her husband, Arthur W. McCord, who is employed at the Treasury Department, chased her through their house for three hours with a carving knife and on another occasion beat her over the head and in the face with a piece of beef steak. She named a co-respondent in her petition.

An absolute divorce was also granted to Sophie L. Seyboth from Frederick W. Seyboth. The marriage of Dorsey B. Conrad and Mittle M. Conrad was annulled on the petition of the husband.

Deaths Show Decrease From Previous Week

Ninety-seven deaths occurred in Washington last week, according to the weekly report of the Health Department. This is one less than the previous week. During the week 153

births were recorded.

The report shows that there are 538 cases of whooping cough under treatment, while the situation with respect

ment, while the situation with respect to other contagious diseases showed the usual weekly fluctuations.

Tuberculosis cases show a decline, so far as the record indicates, but the discharges include quite a number of old cases which have been carried from month to month. Because of this the registered number of cases was reduced from 1195 to 1093.

The Comptroller of the Chrrency has called for a statement from all banks at the close of business June 14.

The report will probably show more or less general losses in deposits, as the banks have not recovered from the millions of tax money taken from them. The national banks should make a better showing than the other institutions because they have received tax money from the Government. Fresident Clapham, of the Commercial National Bank, has gone to Norfolk for three days' convention of the Vir-ginia Bankers' Association.

J. Castle Ridgeway, cashier of the District National Bank left for Chica-go, inteersted in convention develop-ments.

TEN ITEMS OF PROGRESS Concerning the

Commercial Fire Insurance Co. Southern Building, Washington, D. C.

ITEM | Efficiency in the Selection of Risks Elliciency in the Selection of Kisks

Very well-managed fire insurance company aims to experience a low loss ratio. Low loss ratio means few fires. The matter of few fires depends largely upon the moral character of the people whose property the company insures. If they are good people, they do not set fire to their buildings in order to collect their fire insurance. In other words, the elimination of the moral hazard is a most important thing. THE COMMERCIAL is paying apecial attention to the elimination of moral hazard—to the wise selection of risks. The investigation, on the personal side, of every applicant desiring a policy; the careful consideration of every piece of property submitted; the cooperation of competent and conscientious local inspectors—these are some of the measures of safety employed by the COMMERCIAL. No other company is more careful and none nore exacting than the COMMERCIAL in the selection of risks. This company's loss ratio in 1911 was only 25%.

If You and Your Property Are Right, the COMMERCIAL Will Prove a Worthy Safeguard.
